

SOCIAL SCIENCE

Pick any one of your favorite landforms/physical features which you have studied about in this class. Choose a place located in such an area which you would like to visit. Then look up a travel guide book or surf the internet to find out the following about the place.

- 1 Elevation and Climate.
2. How to reach the place.
3. The best time to visit the place.
4. Places to stay.
5. Tourist attractions in and around the place of your visit.
6. Recommended clothing.

Presentation to be done on an A3 size sheet along with pictures.

IT

Make a power point presentation based on the theme **HEALTHY FOOD HABIT AND GOOD LIVING/ FAMOUS PERSONALITIES IN THE FIELD OF COMPUTER** using Microsoft power point and take prints of the slides.

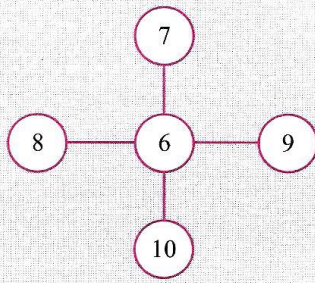

The task requires students to :-

- Collect the pictures, facts, information about the topic.
- Make at least 10 slides on the topic.
- Give animation, transitions and sound effects to slides.

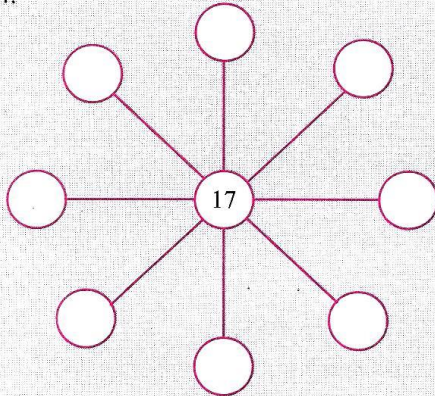

MATHS

1) Cross-number Totals

The cross-number puzzle has been filled out using the whole numbers from 6 to 10 exactly once, so that the total along each line is 23.

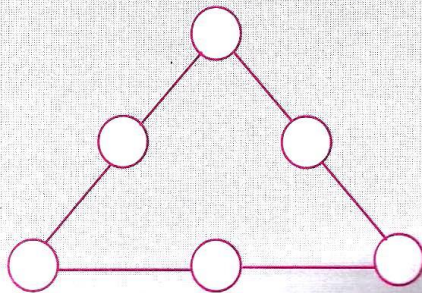

1. Use the whole numbers from 5 to 12 exactly once in the following outer circles, so each line adds up to 34.

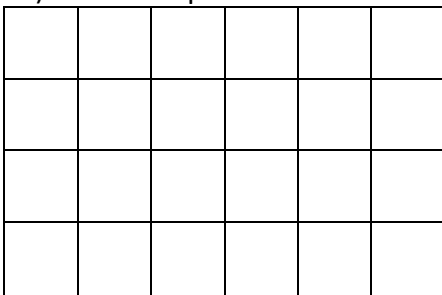

2. In the following triangle of circles:

Use the whole numbers from 3 to 8 exactly once, so that each line adds up to 15.

- 2) Find the squares of different sizes in the figure given below. Write the total number of squares in it.

- 3) Ask and write body weight of your friends or cousins (any 10) in Roman Numerals.

[illegible]

SCIENCE

- Read and Learn Ch-1 to 4
- Do all activities given below in your scrap file-

Make your Herbarium by collecting different types of leaves from a nearby park. Put these leaves in a newspaper and put some heavy books on the newspaper. Take out the leaves after a week. Paste these leaves & write the name of the plant to which it belongs.

Paste the pictures of different sources of nutrients and write down importance of each nutrient.

Visit a nearby zoo and observe animals of different habitats kept there. Find out all the information from caretakers of the zoo about the places from where these animals have been brought and their food habits and write few points .

Compose a story using coloured pictures with a message to reduce wastage of water.
